To help explain the changes a webinar has also been recorded, which outlines the key points of the refreshed Youth Programme and the new content in the Adult Training Modules. The new learner's resources, including e-learning options, will be made available next week on the [learner's pages](#) of scouts.org.uk.

If you are looking to provide a face to face session locally to update existing Members about the refreshed programme, a set of support materials have been created which can be used by a trainer to share these key messages. To access these materials [please click here](#).

Module 7 – Scouting For All

The Trainer's Notes for Module 7, Scouting For All, have been updated to reflect last year's changes to the Fundamentals of Scouting. The updated version has been made available on [Member Resources](#) and from [Scout Shops](#). The reviewed workbook for Module 7 will be made available in February 2015.

Resource Updates

Update to Adults Personal File, Training Advisers Guide, Adult Training Scheme and Module Matrix

The above resources have been reviewed to reflect changes made over the last 12 months. The updated versions of each are now available to download from [Member Resources](#), and will be available to order from [Scout Shops](#) towards the end of January.

Adult's Personal File for Section Leaders

Linked to the updated support resources which have just been launched (outlined above) a new support resource has also been developed – the Adult's Personal File for Section Leaders. This is an alternative to the normal APF for those with Section Leader or Assistant Section Leader roles. It is not a replacement of the APF and is not a suitable alternative for learners with other roles, due to the tailored nature of its content.

This is also available to download from [Member Resources](#) now, and will be available to order from [Scout Shops](#) towards the end of January.

External Recognition

Gateway Qualifications

As previously communicated we are currently undertaking a review of the accreditation we offer through Gateway Qualifications (previously known as OCN Eastern Region.)

It had previously been anticipated that this review would be completed by January 2015. However, due to the need for our increased involvement to support the launch of Compass which is the priority at present, the prospective launch date for the revised qualification is spring 2015. If you have any questions about the review or would like any further information please contact adult.support@scouts.org.uk.

Factsheet Updates

Content to replace the following is now available online:

FS103964 - HQ Grants and Funds to Support Local Scouting. This has been removed and replaced with updated guidance on [Member Resources](#).

Volunteer Vacancies

Regional Training Manager Pilot – South East

The Adult Support Core Team is setting up two new pilot volunteer roles to support the Adult Training Scheme in London and South East England Regions respectively. A new role of Regional Training Manager (RTM) has been created to run until the end of March 2015 initially with a view to this timescale being extended.

The Regional Training Manager (RTM) will support the County Training Managers (CTM) in the Region. They will support new CTMs by providing the training management element of their induction and support current CTMs by maintaining regular contact with them and ensuring the County training provision is meeting the needs of learners by providing advice and solutions. The RTM will encourage networking and collaboration between the Region's CTMs, actively contributing to Regional County Training Manager meetings.

To find out more about the Regional Training Manager role including the role description, the pilot and how to apply please [click here](#). If you have any specific questions or require any further information please contact a member of the Adult Support Core Team, via adult.support@scouts.org.uk.
