Michigan International Camporee, North America

24 July – 31 July 2016

Once every four years Scouts from all over the world travel to Michigan for two weeks of international fellowship and fun, the first week in home says with Michigan Scout families and the second week camping together at MIC. Compared to some jamborees, an MIC is a relatively small event, with less than 1000 participants. That allows participants to get to know each other. However, over 1/3 of the youth participants at an MIC are from outside of North America. Participating Scouts and Venturers not only meet U.S. and Canadian Scouts. They meet and get to know Scouts from all over the world.
