

Module 12(B): Programme Planning

General questions

Who should complete this module?

Module 12(B): Programme Planning is a mandatory module for Section Leaders and Assistant Section Leaders.

Programme Planning provides section leaders with an opportunity to plan and review a sectional programme including the use of a variety of methods to generate programme ideas.

I have completed the learning for Module 12: Providing and Balanced Programme before it was updated in January 2015 but I have not validated it, will I have to re-do the learning before I am able to validate Module 12(B)?

The Adult Training Scheme is designed to recognise prior learning, including any learning completed through the previous Modules. If you have completed the learning for Module 12 prior to January 2015 should take the time to update yourself with the new features of the refreshed programme before validating the Module. You could update yourself by attending an update session for all leaders being run locally, having a discussion with your Training Adviser or your line Manager or reading through the update page on scouts.org.uk before going on to validate the Module.

I have started to validate Module 12: Providing a Balanced Programme before January 2015 how do I now validate Module 12(B): Delivering a Quality Programme?

If you have started to validate previous Modules but have not completed all of the requirements to fully validate the Module you will be able to take forward the parts you have already validated and finalise your validation of the Module using the new Module validation criteria set out in The Adult's Personal File.

If you are a Section Leader or Assistant Section Leader you will find that any validations you have already started will be able to be used to validate this Module rather than Module 12(A): Delivering a Quality Programme.

Will I have to validate Module 12(B) if I have validated Module 12 before I can be presented with my Wood Badge?

If you have already validated Module 12 before January 2015 then you will not have to validate Module 12(B). You should take the time to update yourself with the new features of the refreshed programme. You could update yourself by attending an update session for all leaders being run locally, having a discussion with your Training Adviser or your line Manager or reading through the update page on scouts.org.uk
