Rule 9.9 Use of External Centres and Instructors

Delivery of activities using an external provider can enrich the programme, but a number of factors require consideration. This rule intends to provide a structure to support leaders in making informed decisions about the suitability of external providers.

- a. When external providers are used for the delivery of activities for members of The Scout Association the external provider must hold a relevant accreditation or qualification for the activity they are delivering (e.g. AALA Licence, Adventure Mark Accredited Provider, Government Agency, National Governing Body qualifications) as well as adequate insurance cover. These criteria are subject to frequent change and up to date guidance on the above can be found in the A-Z directory at scouts.org.uk/a-z.

As the standards and criteria for the delivery of activities overseas are very varied it is not possible to provide specific guidance for each country and activity. Leaders therefore need to check the suitability of providers themselves and this rule supports that process with additional guidance.

- b. When using external providers overseas, the guidance for activities overseas must be followed (scouts.org.uk FS120085). If the leader in charge feels that the activity is not safe then the activity should be stopped immediately.

Rule 9.10 Air Activities – General

- c. The aircraft operator is required to either;
- hold an Aviation Liability Insurance policy with a Combined Single Limit in respect of Third Party and Passenger Liability complying with the requirements of EC Regulation 785/2004 as enacted by The Civil Aviation (Insurance) Regulations 2005 or any amendment or replacement thereof, or

In either case where the aircraft is a helicopter the Passenger Liability limit must be to a minimum Level of 5 million pounds.

Suggested Endorsement: *“It is hereby noted that this policy includes the interest of The Scout Association as an additional insured in respect of flights involving members of the Scout Movement.”*

Where this endorsement is not in place an indemnity to Principal Clause should be contained within their policy documentation. Further support regarding this can be obtained from Unity Insurance.

ACTIVITIES

commonly referred to as drones but operating under remote control. These devices may be electric or petrol powered.
