

Externally Led Activities Index

Item Code FS120086 Apr 13 Edition no 5 (103621)

0845 300 1818

This factsheet is designed to help Members identify the rules and guidance that relate to a particular activity when led by people from outside Scouting.

Introduction

This index table covers activities when they

- **are led by people outside Scouting and**
- **involve people in Scouting.**

When using people within Scouting to lead activities, factsheet FS120084 Scout Led Activities Index should be followed.

The steps required to run externally led activities are:

- 1) Check POR rules
- 2) Check whether an AALA licence is required
- 3) If not, check NGB qualifications of those running the activity
- 4) Check that the provider has personal liability insurance
- 5) Check whether further insurance is required
- 6) Check whether HQ needs notifying
- 7) Put an InTouch system in place
- 8) Obtain approval for the activity

This factsheet provides guidance for steps one through to six. For help in steps seven and eight, and advice on ensuring the activity runs safely see POR Rules and Further Guidance for all activities on the next page.

AALA

The Adventurous Activities Licensing Authority (AALA) is an agency set up by the Government to inspect and license all those who provide certain commercial adventurous activities to under 18s. Activities shown as requiring an AALA licence can legally not be run by external providers except where this licence is held. Exceptions may apply to other voluntary bodies and education authorities.

Over 18s

Commercial providers may offer adventurous activities to those who are aged 18 and over without the need to possess an AALA licence. In these situations checks should be made in accordance with POR Rule 9.9 Use of Professional Centres and Instructors. Activities that are not permitted remain so, irrespective of age.

NGB Qualifications

It is possible in some activities to have equivalent qualifications issued by other bodies that are also suitable. Your ACC Activities or County Adviser for the specific activity should be able to help confirm whether these other qualifications are equivalent.

Personal Insurance

All Members of the Movement are covered for personal accident insurance, in accordance with the terms and conditions of the insurance policy arranged by The Scout Association, while taking part in Scouting activities. Instructors who are not members are not covered. It is recommended that they carry public liability insurance.

Third Party Insurance

Standard Scout insurance does not cover members for third party liability in motorised land vehicles. Members should contact Unity (Scout Insurance Services) before taking part in motorised land activities to see whether they need to take out third party liability insurance.

Indemnity Clauses

Before entering into any agreement that includes an indemnity clause, the agreement must be referred to Unity. An indemnity clause is an agreement to reduce or remove the provider's responsibility in the event of an accident to a participant, damage to personal property or other financial responsibility.

Safety

External instructors, must not have unsupervised access to young people. If a Leader thinks at any time that an activity is unsafe, they have the authority to stop, modify or cancel it. It is advisable that such situations are notified to the District Commissioner.

For All Activities

There are several rules and factsheets that apply to all activities. These are;

POR Rules	Further Guidance
9.1 Activity Rules - Application	FS120000 Risk Assessment
9.2 Preparations	FS120007 Joint Adventurous Activities with
9.3 InTouch	Girlguiding UK
9.4 Risk Assessment	FS120078 InTouch
9.5 Emergency Procedure	FS120081 One Day Activity Form
9.9 Use of Professional Centres and Instructors	

Overseas Activities

When taking part in activities overseas this factsheet can still be used as a guide, however there are a couple of differences that should be noted. The Adventurous Activity Licensing Authority (AALA) doesn't exist outside the UK, so checks need to be made that providers hold appropriate level qualifications instead. And National Governing Body qualifications are different in most countries, so need to be checked that they are of an equivalent standard to those required in the UK.

The Activity Table

- **POR Rules** lists the Activity POR Rules relating to an activity.
- **AALA Licence Required** shows whether anyone instructing this activity need have a licence from AALA. Written evidence should be available for inspection together with notification of which activities are permitted.
- **Minimum NGB Qualification for non AALA activities** shows what level of qualification a provider must have if an AALA licence is not required.
- **Extra Third Party Insurance** identifies whether you should contact Unity regarding third party insurance cover.
- **Notification Required** identifies whether you need to inform the Scout Information Centre every time the activity takes place.
